.made to measure

new brand – Anne Semonin

Your treatment starts with an interview and a diagnosis of your skin. Your beauty therapist will create your own "beauty prescription", depending on the needs of your skin and your lifestyle. To preserve the purity of the active ingredients and to ensure optimum efficacy, customized blends should be made immediately prior to application. This is the Anne Semonin "Made To Measure" concept. It is nearly unique in the entire beauty and cosmetic scene. Visit our Spa and experience your own unique treatment.
